Dear Leo,

On behalf of the Rotary Club of Sydney I would like to thank you for your generous donation of Transfers to and from the Hilton Hotel Sydney to the Sydney Opera House in a BMW or Mercedes Benz S Class. Moreover I thank you for your support for my Presidency and our Company as the success of my year is a tribute to supporters like you and your organisation and a reflection on our reputation.

Through your generosity we are able to support my President's Projects - the Children's Medical Research Institute to support Cancer Research and Gene Therapy Research and Vision Beyond Aus, a Sydney surgical team, who will perform eye surgery and medical consultations to the under-privileged in northern India.

Our two major fundraising events were both very successful and the reward has been that we have passed my target of \$150,000 and on our way to the stretch goal of \$250,000. It has been a tough year with so many natural disasters but I am pleased to say that we will be contributing to a personal passion of mine to cure cancer and in particular support a most deserving research team who have achieved a fundamental scientific discovery.

Again many thanks.

Yours sincerely
Roslyn. A. McLeod
